

**The Valley Bowmen of Huddersfield  
Outdoor Club Championships 2017 – Sunday 10<sup>th</sup> September**

The round traditionally competed for at the Outdoor Club Championships is a full 12 dozen FITA round we now all know and love as a WA1440.

We had no new members shooting on the day but we were joined by a two juniors, Will electing to shoot the senior round and doing very well to the dismay of a senior or two, and Emily shooting the Metric V.

We had a fairly pleasant day to start with and only light winds, inevitably rain joined in later in the day. All the clubs trophies for the championships were all present and correct and at the field to be competed for.

There were one or two errors on the score sheets so please use the scores below for engraving. Well done to everyone who competed and congratulations to all the winners.
