

The Valley Bowmen of Huddersfield

Junior Outdoor Championship

2018

It was really wet and windy first thing but luckily it had reduced to drizzle by lunchtime. However, it seems like the weather kept everyone at home - everyone that is, except Oscar Fenik and four adult archers. Was there a party somewhere that we hadn't been invited to?

This year we chose the Short Metric round for the competition, with the intention that competitors would shoot their age appropriate round.

Well, done to Oscar – it was no hollow victory as he managed to chalk up a new Club Record for Boys U12 scoring 579 (beating the previous record by around 200 points).

With a membership of about 150 archers, it is a real pity that we can't muster more people for a club Championship shoot. Maybe next year.....
