

The Valley Bowmen of Huddersfield

Outdoor Club Championship 2021 – Sunday 5th September

Due to the Covid-19 situation for the time being any member who wishes to shoot on a bookable day and record their score during the week before the competition can do so. Members can shoot on the day of the competition also. This year 8 people recorded their scores during the week and 6 people attended on the day. Only 1 junior entered the competition, and his score was sent in on the day as he was attending an external competition. The weather conditions on the day were excellent. Six dozen arrows were shot before lunch and six dozen after.

The club championship rounds were the WA1440 for Gents and Ladies and an appropriate metric round for the Juniors. Any new members competing would have shot a Metric III round but alas no new members entered this year neither did any ladies for the recurve WA1440 round hence the trophies for ladies' 1st and 2nd place remain in store until next year.

Members who shot on the day and who won trophies/medals were presented with them and those who were not present and who won trophies/medals will be presented with them at the earliest opportunity.

Well done to all who competed and congratulations to all the winners.
