### The Thanksgiving Day Turkey Shoot – Sunday 28<sup>th</sup> November 2021

The weather for the Thanksgiving Shoot was slightly on the cold side, there was snow on the floor and later in the shoot we had snow fall, all courtesy of storm Arwen. The Thanksgiving Day Shoot had 6 Turkey face targets all at unmarked distances between 10 and 40 yards, with just three arrows per end and just two scoring zones, 10 for a kill and 5 for a wound. We had a great turnout with 15 participants for the shoot and there was plenty of delicious soup, pumpkin pie and other treats to go around.
