

2024 Outdoor Novice Competition

Thursday 16th May 2024

There was another excellent turn out for the Club's second Outdoor Novice Competition with 18 archers participating on a dry spring evening.

As last year, the round was a Warwick 30 although the shooting line was moved to 60yds because the re-seeding the lower half of the field. Regrettably this meant that our compound entrant had to make a last minute change to recurve.

The idea of the Novice events is to give recent members to the club an opportunity to meet other new members, to experience a club competition (without being daunted by the distances involved) and to encourage people to come to other club competitions and events.

In the recurve class it was a very close competition with only 6 points separating the first four competitors and the first place decided on number of golds! The results for the competition were as follows.

Archer	Bow Style	Hits	Golds	Score	
Stuart Hepworth	Barebow	48	20	364	1st

Footnote:

On inspection after the event I can report that the scoresheets were a shambles with 8 of 18 scoresheets being incorrect/incomplete!! Archer names, dates and round missing; hits, gold, totals not completed; and incorrect adding up!
