

The Valley Bowmen of Huddersfield

Yorkshire Day Shoot – Sunday 4th August 2024

Sorry, but it's another year without the pithy "Yorkshire" banter from our usual correspondent.

This year just thirteen archers arrived for a prompt 10:30 start to our annual Yorkshire Day Shoot. No report is complete without a comment on the weather..... "it was dry" – will that do

Here is the table of "swag" that everyone was shooting for. It looks like the number of trophies is multiplying – just a shame that there isn't a corresponding increase in the number of competitors.

The first 6 dozen before lunch passed with little to report.

The first distance was concluded with the final end being shot for the Yorkshire Rose Cup for best gold. There was then a welcome break for lunch with the bonus of some sweet treats kindly provided by Alice.

After lunch shooting resumed for the final two distances.

The Winners were.....

The Yorkshire Rose Cup

Awarded to the best
gold at the
first distance.
Well done to Neil.

Some of you might be wondering why no photos of the handicap winners. Let's just say that the trophy and medals did eventually end up with the right people!
