

The Valley Bowmen of Huddersfield Outdoor Club Handicap Championships 2025 – Sunday 21st September

The Outdoor Club Handicap Championship for 2025 was quite a low key affair with only three competitors coming along to engage. The three archers taking part were all using their longbows and we even got away with using one target.

The rounds for the Club Handicap Championships are the WA1440 for Gents and Ladies and an appropriate Metric round for the junior competition.

A clean sweep by Mr Alan Hoddinott with a club record in the bag as well.

Mr John Pawson was extremely close to the open age club record, just 1 point in it.

Yours truly, Mr Alan Marriott, who was waving his bow around aimlessly during the day was pleased to see his club record stay intact. It's only a matter of time that the record will be surpassed.

Well done gentlemen and thank you for your company.
